GAVE EASTER SONG FESTIVAL

Chautauqua Chorus Entertain Large Audience with Cantata and Other Music. Enterprise Proves Profitable as well.

Before a large audience the Gettysburg Chautauqua Chorus on Wednesday evening rendered their first Easter song festival in Brua Chapel.

The program opened with the inspiring chorus "All Hail Immanuel" which has been a favorite with Gettysburg people ever since it was first rendered here some months ago. Two solos followed, Mrs. R. E. Zinn singing "The Story of Mary Magdalene" and Mrs. J. B. Baker "Raboni."

The first part of the beautiful Easter Cantata by J. Lincoln Hall "The Day of Resurrection" was rendered most acceptably by the chorus with the solo parts taken by Miss Reba Miller, Miss Pauline Rudisill and J. Calvin Hartman, the duet by Miss Rudisill and Miss Miller being specially worthy of mention while the work of the chorus in the last number of the first part showed to special advantage.

Two solos were given between the two parts of the cantata, Miss Ruth Clutz singing "The Cross" and Miss Miller "Tears of Christ." The second part of the cantata followed, the chorus closing the entertainment with another of their popular songs "Crown Him."

The audience, feeling that any demonstration of approval would be out of place on account of the nature of the entertainment, did not applaud the various numbers as would have been the case with a secular program but were most appreciative in their comments at the close of the evening. The organization under the direction of Mr. I. L. Taylor is a credit to the town and is sure to meet with similar interest at its future public appearances.

Opportunity was given to any who wished to contribute to the support of the chorus and Wednesday evening's entertainment yielded a net return of \$34.50.

LITTLESTOWN ROUTE 2

Littlestown, Route 2, April 4—Preston Sheely has secured employment at the Littlestown silk mill.

Harry Shoemaker and family moved from Littlestown to his farm in Germany township on Tuesday.

Mrs. Charles Newman and son, Samuel, of Cloverdale, spent Tuesday among friends at York Road, (Key Mar), Md.

Fourteen young people joined St. John's church by rite of confirmation on Sunday morning and one person by letter of dismissal.

Upton Harner and wife spent several days in Hanover this week at the home of Harry Messinger and family.

Alta Wintrobe, Earl Spangler, Clyde Dehoff and Lorenz Kump, of Germany township, took the final examination at Gettysburg on Saturday.

The farmers are busy dragging some of the public roads which makes them in fine condition.

The Sunday School at St. John's church was reorganized recently by electing the following officers: superintendent, Mervin Wintrobe; assistant superintendents, Israel Crouse and Wesley Stavelly; secretary, Mary Harman; assistant secretary, Leola Bowers; treasurer, Wesley Weikert; superintendents of primary department, Mrs. Wesley Weikert, Mrs. Mervin Wintrobe and Mrs. Maggie Keefer; managers, Joseph Bucher, Thomas Harman, Edward Searley, Oscar Harman, Abia Harner, Misses Anna Bowers, Alveta Harner, and Mrs. Nelson Collins; organist, Miss Mary Bucher, with salary of \$20.00 a year.

The committee of the Independent Order of Red Men are busy with their subscription papers for the Indian Cornet Band, of Carlisle, to be here some time in June.

Mrs. Louise Stonesifer died at the home of her daughter, Mrs. Frank X. Little, McSherrystown, Wednesday morning at 4:15 o'clock, from a complication of diseases, after an illness of nine days. She was aged 83 years and 10 days.

Mrs. Stonesifer was the daughter of the late Peter and Mary Groft, of Irish town. She was married about 57 years ago to George Stonesifer, of McSherrystown, who died three years ago.

She is survived by an only daughter, Mr. Little, with whom she lived since her husband's death.

Funeral Saturday, April 6th, at 11 a. m., from St. Mary's church, Rev. L. Augustus Reutter officiating. Interment in St. Mary's cemetery.

George Myers and mother visited Carlisle one day recently.

Mr. and Mrs. Joseph Bowser, of East Berlin, and William C. Hoffman, of Glenville, were married on Sunday at the home of the bride's parents in East Berlin by Rev. William H. PROSPECTS GOOD FOR ENCAMPMENT

National Guard Officers' Visit to Gettysburg Cause for Much Encouragement among those who Want Division Encampment.

Following the inspection of various sites west of town by National Guard officers on Wednesday the prospects of Gettysburg securing this year's division encampment are brighter than ever, the land available and inspected by the officers meeting with their approval and proving almost as acceptable as the sites used in other years.

The railroad facilities are really better and everything else, with the exception of lack of trolley connection, is as good as at the old site. The officers here on Wednesday were non-committal and nothing could be taken from what they said to indicate that Gettysburg would be chosen but local members of the Board of Trade feel much encouraged over the outlook, nevertheless.

A dispatch from Harrisburg to the Philadelphia Record regarding this summer's encampment and the visit of the officers to Gettysburg sums up the situation as follows:

"Two other sites suggested as places for division encampments are Mount Gretna, where the state rifle range is located and which in the event of a call to war would be the rendezvous, and Selinsgrove, where last year a brigade encampment was held. At Mount Gretna, it is said, there is barely room enough to get the entire guard on the field without crowding, and Selinsgrove is looked upon as too far off the line of travel for the eastern and western organizations, the cost of transportation being quite heavy. Gettysburg has plenty of room for all field maneuvers and for reviews, and two lines of railroad go to the very borders of the reservation. Choice of a site will not be announced for some time, but Gettysburg at present is reported to have the first call."

EAST BERLIN

East Berlin, Apr. 4—Washington Camp 150 P. O. S. of A. took in last Wednesday night fifteen new members, the degree team of Lohoff being present to assist in the initiating ceremonies. They were also present members from New Oxford and Davisburg. There were addresses by Prof. Bucher, Mr. Hartman and Mr. Stammbach. After the meeting a lunch was served at the Shaffer House. The camp has now ninety nine good standing members and there are five more proposed for membership.

Mrs. Jane Ulrich is much improved. L. Ulrich, wife and children, of Hanover, were visiting his mother, Mrs. Jane Ulrich on Sunday.

Hammond King, the oldest Red Man in the state is very ill.

Mrs. Ziegler, of Gettysburg, was a visitor in our town several days last week and Sunday.

J. T. Baughman has the contract to deliver mail from the station to the post office.

Mr. Smith, the engineer on the Berlin Branch Railroad, moved with his family from New Oxford to this place last week.

Last Thursday was a big day for moving. From morning until evening the teams were going on the streets.

The committee of the Independent Order of Red Men are busy with their subscription papers for the Indian Cornet Band, of Carlisle, to be here some time in June.

MILK WAR IN EAST BERLIN

Milk Brings only Two Cents a Quart in Lower End Town. Dairymen in Price Cutting Competition Reach Record Figure.

Milk is selling at two cents a quart in East Berlin following competition among the three dairymen who serve the citizens of that town. A regular price cutting war started last Friday has been continued until the unprecedented low figure was reached and the citizens of the town are not slow to take advantage of the cut.

There are three milk dealers who sell in the east end town, Messrs Simpson, Spangler and Burgard. On Friday Mr. Simpson made the first cut and the following day the other two dairymen met his figure. Tuesday another cut followed and the price finally got down to two cents a quart. Just how low the three dealers will allow it to remain there is not known but while the figure is that low it is said that East Berlin citizens are using much greater quantities than ever before.

The drop is the principal topic of conversation among the residents of East Berlin and the farmers who live nearby and are anxious to see just how long the dealers will be able to keep up the fight which, it is conceded, must result in a loss to all of them.

ENGINEERS VOTING IN FAVOR OF STRIKE

Ballots Indicate a Willingness to Walk Out.
 New York, April 4.—Officials of the Brotherhood of Locomotive Engineers announced that the balloting of the engineers of the fifty eastern railroads to determine whether the engineers will strike is necessary to support their demands for increased wages is proceeding rapidly and that the ballots received so far indicate that the men are in favor of a strike.
 The wage demands have already been refused, and further conferences with the heads of the railroads were suspended until the engineers' committee could take a strike vote, which will be announced on April 10.
 Pennsylvania Urges Engineers Not to Strike.
 Philadelphia, April 4.—The Pennsylvania Railroad company posted at all railroad stations, yards and round houses a circular letter addressed to all engineers on its system east of Pittsburgh and Erie regarding the demands for an increase of wages recently made by the Brotherhood of Locomotive Engineers. The notice asks the men to consider carefully the reasons that the company advances for not granting the request before voting the strike ballots that have been distributed among them. The notice also asks them to refrain from voting for a strike.

T. R. CALLS TAFT A REACTIONARY
Says Opposition to Justice to People Makes Him One.

COLONEL GIVES HIS VIEWS
 He Defines a Progressive and Says a Believer Must Apply the Principle.
 Louisville, Ky., April 4.—"Every man who fights fearlessly and effectively against special privilege in any form is to that extent a progressive. Every man who, directly or indirectly, upholds privilege and favors the special interests, whether he acts from evil motives or merely because he is puzzle-headed or dull of mental vision, or lacking in social sympathy, or whether he simply lacks interest in the subject, is a reactionary."
 So declared Theodore Roosevelt in a speech in this city which he devoted largely to defining "progressiveness," as he applies the word to American politics of today. Colonel Roosevelt began:
 "In his recent speech at Philadelphia President Taft stated that he was a progressive, and this raised the question as to what a progressive is. More is involved than any man's say-so as to himself. A well-meaning man may vaguely think of himself as a progressive with having the faintest conception of what a progressive is. Vision and intensity of conviction must both go to the make-up any man who is to lead the forward movement and maddly good intentions are wholly useless as a substitute."
 Referring to the method he has advocated of letting the people of a state decide upon the constitutionality of certain acts of their courts, Colonel Roosevelt declared:
 "To denounce such a proposition as 'putting the axe to the tree of freedom,' without proposing any more workable or better remedy, is to champion the cause of the special interests, in whose favor as against the people and against the cause of justice, the courts have decided."
 "When, in deference to the reactionaries in congress, the president put a stop to the work of the country life commission, so that for three years the national government has done little but mark time, or, indeed, to step backward, as regards this movement, then, no matter how good his intentions, his actions ranged him against the progressive side."
 "When the president supports those courts which declare that the people have no power to do social justice, by enacting laws such as those I have above outlined, and when he opposes the effort to give to the sober judgment of the people due effect as against the decisions of a reactionary court, then he shows himself a reactionary."
 "When the president characterizes a moderate proposal to render effective the sober judgment of the American people as against indefensible and reactionary court decisions in favor of the privileged classes as 'laying the axe to the foot of the tree of well ordered freedom,' then the president is simply standing against the same moderate movement for social justice and in favor of privilege, and he ranks himself against the Progressives against the cause of justice for the helpless and the wronged, on the side of the reactionaries, on the side of the beneficiaries of privilege and injustice."
 "Four years ago the Progressive snubbed Mr. Taft for president, and he was opposed by such representatives of special privilege as Mr. Penrose, of Pennsylvania; Mr. Aldrich, of Rhode Island; Mr. Gallinger, of New Hampshire; as Messrs. Lorimer, Cannon and McKinley, of Illinois, and he was opposed practically by all the men of the stamp of Messrs. Guggenheim and Evans, in Colorado, and Patric Calhoun, of San Francisco."
 "These men were not Progressive then, and they do not pretend to be Progressives now. But, unlike the president, they know who is a progressive and who is not."
 "The president says he is a progressive. These men knock him over and have studied his actions for three years and they regard him as being precisely the kind of a progressive whom they approve. However good the president's intentions, I believe that his actions have shown that he is entitled to the support of precisely these men."
 "Prosperity can only permanently come to this country on a basis of honesty and of fair treatment for all. Those men of enormous wealth who bitterly oppose every species of effective control by the people through their governmental agents over the business use of that wealth are, I verily believe, most short sighted as to their own ultimate interest."

TAFT BEATEN 2 TO 1 IN WISCONSIN.
 Milwaukee, Wis., April 4.—Fuller returns show that La Follette has beaten Taft more than 2 to 1 in the Wisconsin primaries. Wilson has won 21 and Clark 5 of the Democratic delegates.

BOULEVARD WORK STOPPED
 General Dupont Announces Suspension Until Legal Status is Determined.
 Wilmington, Del., April 4.—General T. Coleman Dupont officially announced that all work on the boulevard, which he has planned to build for the state at his expense, has been stopped until its legal status can be ascertained from the judges of the state.
 Several engineers and their assistants are now doing other work or looking for other employment. Governor Pennell had written a letter to the judges asking them to pass on the constitutionality of the act, and it is thought that General Dupont's decision is the result of the governor's communication.
 General Dupont would not go into definite details concerning suspension of work, declining to state definitely his reasons, but it is presumed that it is principally because of the great amount of obstacles put in his way. He denied that the legality of the boulevard act was the prime factor for his decision in the matter and said that whether it was completed depended upon the people of Delaware themselves.

CROKER SAYS T. R. IS DONE FOR
Thinks Democrats Must Get Together to Win.
 New York, April 4.—Richard Croker, long time the genius of Tammany Hall, thinks Colonel Roosevelt is done for politically, that President Taft will surely be renominated, and that the Democrats will have to banish all factional differences and get behind their candidate solidly if they want to turn their best opportunity of years into success.
 This is the way Mr. Croker analyzed the political situation at the National Democratic club:
 "Roosevelt has killed himself. President Taft has the united Republican party behind him. The Democrats will have to unite solidly behind their candidate if they want to win."
 Inquiries as to the comparative merits of the Democratic candidates brought only refusals to talk. Harmon, Wilson, Clark, Gaynor, Bryan, all of them, it is evidently Mr. Croker's opinion, have the salvation of their party to work out among them.
 Whatever the Democratic leaders do, it is clear that Mr. Croker believes they have nothing to fear from Roosevelt, whether he bolts or not. Mr. Croker believes the colonel recognizes his weakness too fully to bolt.

NAMED VICE CHANCELLOR
 Vivian M. Lewis Gets Job Walker Vacated.
 Trenton, N. J., April 4.—Chancellor Walker announced the appointment of Vivian M. Lewis, retiring state banking and insurance commissioner, to the post of vice chancellor made vacant by the elevation of Vice Chancellor Walker to the head of the court.
 The vice chancellorship pays \$10,000 a year. Professor Henry Jones Ford of Princeton university, who succeeds Mr. Lewis in the banking and insurance department, takes office on April 15. Lewis was the Republican gubernatorial candidate against Governor Wilson two years ago.

BRYAN NOT A CANDIDATE
 Refuses to Allow His Name on California Preferential Ballot.
 Los Angeles, Cal., April 4.—William Jennings Bryan, in a letter to the Bryan club here, has refused to allow his name to go on the primary ballot in California as a candidate for president.
 "I am not a candidate for the nomination," he wrote, "and am not willing to be put in the attitude before the country."
 Roosevelt Gets Two Maine Delegates.
 Portland, Me., April 4.—The Republicans of the First district of Maine elected two Roosevelt delegates to the national convention. The Roosevelt side carried the convention by a vote of 152 to 144.

Put Ban on Phosphorus Matches.
 Washington, April 4.—The senate passed the bill placing a prohibitive tax on white phosphorus matches. The measure already has passed the house.

H. N. GITT
 To the Democratic Voters of the Twentieth Congressional District.
 Mr. Gitt, who is not an active candidate, has consented to accept the Democratic nomination for congress, if the voters of this district consider him the most logical candidate, and if nominated, will make an aggressive campaign to win.
 Mr. Gitt is not only popular in his home town, Hanover, but in what is known as the Democratic belt as well, and is unquestionably the strongest nominee for the future reason that he is also well known throughout the whole of York and Adams counties.
 He has always been an active and earnest worker in the interests of Democracy and always anxious to bring about harmony in the party. If there be any Democrat, of whom there ought to be many, who can redeem this district, there can be no doubt that he is one of them. He is a man of affairs, with more general personal knowledge and experience of the agricultural, industrial and commercial interests of this district than any other one man and is undoubtedly well qualified to represent this important congressional district in the House of Congress.
 In view of his exceptionally broad, wide and abundant experience on all matters pertaining to the vital issues of the day, he is peculiarly fitted to represent the people of this district, especially the farmer, the mechanic, the working man and the merchant, in congress.
 This congressional district for a number of years has been misrepresented in Congress by our present representative, a member of the party in the minority in the district. It is high time that this condition be changed and we believe that Mr. Gitt is the man who, if nominated, can and will bring victory to his party.
 We, therefore, appeal to the Democratic voters of this, the 20th congressional district, to vote for Mr. Gitt on April 16th, for we earnestly believe that his nomination will insure the success of our party at the polls in November.
 Yours very truly,
 Committee of Democrats interested in the success of the Party

HALLOWEEN CANDIES.

There is no candy that the youngsters like so well as butter scotch. Take three cups of brown sugar, three-fourths of a cup of water, two tablespoonsful of butter, an eighth of a teaspoonful of soda, a teaspoonful of flavoring and a few grains of salt. Boil all together except the flavoring until a thread is formed when dropped from a spoon. Pour into buttered pans, let stand until cool enough to mark off in squares.

Taffy.—Cook together a cup of molasses, a cup of sugar, two-thirds of a cup of butter, an eighth of a teaspoon of salt, two-thirds of a cup of milk. When brittle flavor and pour into hot buttered pans.

Molasses Candy.—Boil together until brittle in water two cups of molasses, two tablespoonsful of butter, two cups of brown sugar, a cup of water and a third of a cup of vinegar. Pour into greased pans and pull when cool enough. Cut in lengths with a pair of shears. Wrap in waxed paper.

Pralines.—Boil together one and seven-eighths cups of powdered sugar, a cup of maple sirup and a half cup of cream until a soft ball is formed when tried in water. Remove from the fire and beat until of a creamy consistency. Add two cups of hickory nuts and drop on waxed paper in small patties.

Chocolate Caramels.—Put two tablespoonsful of butter in a saucepan, and when melted add a half cup of milk and the same amount of sugar and a cup of molasses. When boiling hot stir in four squares of chocolate; cook until brittle when tried in cold water, stirring occasionally to prevent burning. Remove from the heat and beat three minutes. Add a cup of walnut meats and a teaspoonful of vanilla. Turn into buttered pan and mark in squares when cool enough. Wrap each in paraffin paper.

RECOGNITION MAY CAUSE STRIKE

Official Says Operators Will Not Consider It.

MAY CAUSE A DEADLOCK

It Is Believed Mine Owners Will Offer an Increase in Wages to Men at Next Week's Conference.

Wilkes-Barre, Pa., April 5.—If the United Mine Workers insist upon recognition of the union there will surely be a strike in the anthracite region. This is the substance of a statement made by a company official. Recognition in any shape or form will not be considered by the operators.

The operators point to the fact that the strike commission in 1902 declared that the operators should not recognize the mine workers by entering into a contract with them. The ruling on the point was as follows:

The present constitution of the United Mine Workers of America does not present the most inviting inducements to the operators to enter into contractual relations with it.

The constitution of the mine workers has not even changed since that time. Throughout the southern anthracite region the sentiment among the mine workers is that if the operators grant them an advance in wages and renew the commission's award for three years it will be all they can expect.

Moreover, the officials of the mine workers are now at work endeavoring to impress upon the men that they should stand for recognition of the union and the check system, which would mean the collection of union dues by the coal companies.

Interest now centers among the workers, the merchants and the authorities of the mining towns on the conference to be held in Wilkes-Barre next Wednesday between the operators and the miners' union officials.

It is known that the union will first renew the nine demands refused by the operators in New York recently, calling for a 20 per cent increase in wages, union recognition, a one-year contract and other stipulations. The union does not expect to get 20 per cent, but desires George F. Baer, president of the Philadelphia & Reading railway, spokesman for the operators, to state why such increase cannot be granted.

Mr. Baer, who consulted with other operators in New York during his regular trip, is expected to tell the union first that a 5 per cent increase will be granted. When he is certain that not less than 10 per cent will be accepted he may be empowered to grant that much. A deadlock over the question of union recognition may develop. The operators oppose this demand more than any of the nine.

The union is expected to demand a two-year agreement finally, so that contracts in both the bituminous and anthracite fields will expire simultaneously. The soft coal men sign agreements for only two years. The hard coal miners hitherto since 1903 have agreed to three-year contracts.

The general suspension of mining on the order of the union has demonstrated that the operators did not diagnose conditions accurately in advance. They believed the union too weak to influence a complete cessation of work in the hard coal fields, and had been told by mine foremen that the majority of the men would remain at work after April 1.

The departure of several thousand miners from the hard coal fields since the suspension order was issued is causing the operators some uneasiness. On every railroad train from the mining towns many men who have worked in the collieries all winter or longer are departing for distant points. Inquiry among such as can speak English indicates that most of them are leaving for the west to seek work on the farms or in the bituminous mines, where higher pay has been promised.

Some are leaving for their homes abroad, having taken all their savings from the banks, and say they will not return.

27 STOWAWAYS ON BOAT
Italians Taken From Steamer Sail to Be Members of Black Hand.

Boston, April 4.—The apprehension of twenty-seven Italian stowaways on board the White Star line steamer Celtic, which arrived here from Naples, was accomplished.

The search was made upon information received last week from Italy that stowaways would be found on the ship, and that they were members of the Black Hand organization.

Potatoes \$1.75 a Bushel in Chicago.
Chicago, April 4.—Potatoes are selling at \$1.75 a bushel wholesale. The highest price in recent years. This compares with 50 cents a year ago. Increased cost of transportation, inability to get at potatoes buried last fall and urgent eastern demand are given as reasons by merchants for the high prices.

Call Jack Johnson a Smuggler.
Chicago, April 4.—Jack Johnson, the pugilist, is to be prosecuted by the federal authorities for secretly bringing into this country from Europe a diamond necklace valued at \$6000, unless he pays \$9600, the value of the jewel with the penalty added, according to federal officials.

C. P. RODGERS KILLED BY FALL

Ocean to Ocean Aviator Plunges Into Pacific.

CRUSHED UNDER MACHINE

Rodgers Gained Fame Through His Flight From New York to San Francisco Last Fall.

Los Angeles, Cal., April 4.—Calbraith P. Rodgers, first of the birdmen to fly from ocean to ocean, fell to his death at Long Beach.

Fate's irony was manifest in the fact that he fell while making what was merely a tryout, a flight in nowise comparable to any of scores of exhibitions he has given, and died within 600 feet of the spot where he ended his transcontinental flight a few months ago.

There has been talk of placing a monument on the spot to mark that achievement. Were it in place it might well serve the dual purpose of monument and gravestone.

Rodgers had been making trial flights daily in preparation for his eastern engagements. Before he started into the air he tested his biplane carefully. It appeared to be in perfect condition.

"Well, I'll show you a few d.p.s." said Rodgers, as he seated himself in the biplane. Waving his hands to his friends and casual speakers who had gathered, Rodgers rose swiftly and headed over the breakers. He was approximately 200 feet above the breaker line when the biplane, tilting sharply, began dropping. Rodgers made a frantic effort to head toward the pier, but was unable to control the plane and it fell into about two feet of water.

The impact crushed the machine and Rodgers was caught beneath the wreckage. He suffered several fractured ribs, internal injuries and possibly a broken neck. He lived scarcely three minutes, dying just as he was carried into a long bathhouse near the spot where he fell.

Calbraith P. Rodgers, or as he is better known, "Cal" Rodgers, gained considerable fame through his ocean to ocean flight last year. Starting from Governor's Island, N. Y., he successfully accomplished the long flight to San Francisco without material mishap. In addition he broke all records for long distance flights, making the distance in a little less than four days of actual flying and attaining an average speed of more than fifty-one miles an hour.

Rodgers left New York on Sept. 17 last and landed safely at San Francisco on early in November. He made the trip in a Wright biplane. The same trip had been accomplished by Harry N. Atwood, the boy aviator, although the latter's speed was considerably less than that attained by Rodgers. The flight was made at the same time by Robert G. Fowler, the latter, however, starting from San Francisco, flying eastward.

Several times during his flight Rodgers was forced to descend because of engine troubles, but each time succeeded in repairing the damage so as to continue the flight in the same machine in which he began it. On Oct. 1 he several times narrowly escaped death because of the prevalence of a number of rain and wind storms.

CLAMPS LID ON LEGISLATION
Declares House Will Consider Only Appropriations and Special Bills.

Washington, April 4.—Representative Underwood, majority leader of the house, declared that the legislative program of the house would be confined to appropriation and supply bills, and a few special bills of importance.

The special legislation will include the isthmian canal government bill, the bill to abolish the commerce court, and one to amend the patent laws. It is doubtful if any trust legislation will be considered.

This announcement follows closely on the declaration of Mr. Underwood that there would be no further effort at tariff legislation unless the senate showed some disposition to act on the tariff reduction bills already passed by the house.

Bride of a Week Murdered.
Chicago, April 4.—Mrs. Emily Shaw, who was married only a week ago, was murdered in her home by Clarence Carr, a boarder, who then tried to kill himself. According to the police, Carr who has a wife and two children, was infatuated with Mrs. Shaw, and before committing the crime wrote two notes saying that the home of the woman he killed was his until Shaw appeared. Carr was taken to a hospital. His condition is serious.

Fear of Chair Saves Him.
Albany, N. Y., April 4.—Fear of death saved Michael Cosmos, the condemned murderer, from the electric chair. He has been declared insane—driven mad, the alienists say, by over powering fear.

Chief Whitecloud Dead.
Philadelphia, April 4.—Chief Whitecloud, of the Iroquois Indians, whose home was in Franklin county, New York, died here from tuberculosis.

Rough, coarse hair is unnecessary; so is faded, dull looking hair. Dandruff and scalp itch are both caused by an accumulation of scurf fifth and can easily be gotten rid of. Dandruff germs cause falling hair and diseases of the hair and scalp, and should be destroyed. If you have any of the hair troubles mentioned above, People's Drug Store will guarantee PARISIAN SAGE to end everyone of them or will refund your money. PARISIAN SAGE is a delightful hair dressing that is being used today by many thousands of lovely Americans who detest uncleanness. Large bottle 50 cents.

INCREASED USE OF CEMENT

More Used in the Year 1909 Than in Any Other in History—Also Price Was Lower.

More cement was used in the United States in 1909 than in any other one year in its history, and the price by the barrel was lower. In 1908 the production was 52,910,925 barrels, valued at \$44,547,679; in 1909 the production was 64,196,386 barrels, worth \$51,222,979 at the mills. In 1908 the average price of a barrel of Portland cement was 85 cents; in 1909 the price averaged 81 cents produced at 193 plants in the country. Twenty-one plants were in Pennsylvania, twelve in Michigan, ten in Kansas, eight in Ohio, seven in New York, six in Indiana, five in Illinois and five in California.

In 1880 a barrel of Portland cement brought three dollars, due to the scarcity of the material whose production devolved upon slow, crude processes. Today it is manufactured to sell at 80 cents a barrel and show a profit. Most of the cement produced is consumed in the United States, the export product ranging from one to three per cent. annually. With the immense natural resources for its manufacture, however, it is anticipated by government authorities that in the near future the foreign trade in cements will show large in the sum of the nation's export trade.

RESULTS TELL

There Can Be No Doubt About the Results in Gettysburg.

Results tell the tale. All doubt is removed. The testimony of a Gettysburg citizen can be easily investigated. What better proof can be had? Mrs. Mary Ohler, 147 Hanover St., Gettysburg, Pa., says: "I was troubled by weak and disordered kidneys for over a year. My back ached constantly and pains extended from my loins into my head. I had chills and dizzy spells and was bothered by the kidney secretions. Doan's Kidney Pills were so highly recommended that I finally procured a box at the People's Drug Store. A few doses brought relief and after continuing the use of this remedy for a short time all symptoms of my trouble disappeared. Doan's Kidney Pills deserve my endorsement." (Statement given November 1, 1907.)

A WILLING CORROBORATION. On January 3, 1910, when Mrs. Ohler was interviewed, she said: "I heartily recommend Doan's Kidney Pills again and confirm all I have previously said about them. This remedy should have a permanent place in every household." For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
